EDUCATION

M.S. Canine/Feline Nutrition, University of Illinois, Urbana, IL, 1986
GPA 5.0/5.0 Wright Fellowship, 1985-1986; University Fellowship, 1984-1985

B.S. Animal Science, Cornell University, Ithaca, NY, 1980. GPA 3.6/4.0

NEW PUBLICATIONS & SEMINARS

Books:

Only Have Eyes for You: Exploring Canine Research with The Science Dog, Linda P. Case, AutumnGold Publishing, Mahomet IL, 189 pp., July, 2016.

Beware the Straw Man: The Science Dog Explores Dog Training Fact & Fiction, Linda P. Case, AutumnGold Publishing, Mahomet IL, 189 pp., January, 2015.

Dog Food Logic: Making Smart Decisions for Your Dog in and Age of Too Many Choices, L.P. Case, Dogwise Pub., Wenatchee WA. 235 pp., February, 2014.

Training Courses, Seminars, etc.:

The Science Dog: Exploring evidenced-based nutrition, behavior, and health for our canine companions.

“*Beware the Straw Man*”: Seminars about companion animal science and current research for pet professionals

“*Nutrition Basics*”: Two to three-day professional training courses

““*Nutrition Controversies: The Science behind Feeding Fido and Fluffy*” Seminars and Webinars

“*Companion Animal Nutrition through the Life Cycle*”; E-learning courses.

PROFESSIONAL AND TEACHING EXPERIENCE

1986 - present **Owner: AutumnGold Consulting: Specializing in Companion Animal Nutrition, Behavior and Health** AutumnGold Consulting provides scientific writing, educational materials, web content, and survey research support to pet care companies and organizations. Services include science writing, research support, literature research and reviews, seminar and short course presentations, and statistical analyses.

1989 - Present **Owner: AutumnGold Dog Training Center, Mahomet Illinois** AutumnGold Training Center provides classes in companion animal behavior, training, and a variety of dog sports and activities.

2004-2010 **Adjunct Assistant Professor, Univ. of IL, College of Veterinary Medicine**
Taught elective course in applied companion animal behavior and training to veterinary medicine students; taught case study discussion section; advised student behavior club.

1989 – 2004 **Coordinator & Lecturer, Companion Animal Science Program, Dept. of Animal Sciences, University of Illinois**

Courses Developed and Taught:

Companion Animal Management; Required, 3 credit hour course for students enrolled in the companion animal science program. Lectures covered the human/companion animals bond, domestication, anatomy, reproduction, health and disease, behavior and nutrition.

Human-Companion Animal Interactions: 3 credit hour course that examined the history and current day significance of human relationships with domesticated companion animals.

Additional Courses: Animal Science 293 (Companion Animal Internship Program, Animal Science 299 (Spring Break Field Trip), Animal Science 199HH (Companion Animals as Helpers and Healers), Animal Sciences 100 (Introductory Animal Sciences course), Advising Duties (18 - 25 students/semester).
